Hack the Backpack

Bug Blaster / Scan

1. Issuer URL displays truncated

https://github.com/mozilla/openbadges-backpack/issues/1041

2. Requires testing... to see if this has this been fixed already.

https://github.com/mozilla/openbadges-backpack/issues/1029

3. Badge Sorting within backpack

https://github.com/mozilla/openbadges-backpack/issues/1031

4.Upload Issue - mismatch in email id

https://github.com/mozilla/openbadges-backpack/issues/1054

5. Formatting update

https://github.com/mozilla/openbadges-backpack/issues/1030

6. Alert update - if badge delete fails

https://github.com/mozilla/openbadges-backpack/issues/996

7. Contact info update

https://github.com/mozilla/openbadges-backpack/issues/1018

8. Dragging task

https://github.com/mozilla/openbadges-backpack/issues/739

9. User info on share pages

https://github.com/mozilla/openbadges-backpack/issues/615

10. Badge Upload - tidy up style

https://github.com/mozilla/openbadges-backpack/issues/611

Also...

1. The "public" flag on a Backpack Colection seems to have no effect on the visibility of share link. Investigation required.

2. Valiidator - Elliptic Curve signatures treated incorrectly.

https://github.com/mozilla/openbadges-backpack/issues/1042
